Andreas S. Weigend, Ph.D.

韦思岸 博士

韦思岸，生于德国，是金融和数据分析领域内的科学家、企业家和战略家，同时是数据挖掘和时间序列预测的国际权威。他将学术成就和企业经验融合在一起，形成独有的创业优势。

韦思岸在美国斯坦福大学获得物理学博士学位，随后在施乐公司的美国帕洛阿图研究中心和圣菲研究院从事博士后研究工作。此外，他先后在英国剑桥的圣三一学院以及德国的波恩大学和卡尔斯鲁厄大学接受高等教育。韦思岸在多所大学担任过教授，包括最近的纽约大学Stern商学院。发表学术论文超过一百篇，另合作出版专著六本。

韦思岸是Weigend Associates LLC有限公司的合伙人。Weigend Associate LLC有限公司致力创造知识资本，挖掘科研成果的商业应用价值，开发具有高技术含量的信息产品，并为数据密集型企业提供战略咨询，客户包括Acxiom公司、高盛、J.P.摩根、摩根斯坦利、日兴证券、瑞士联合银行和雅虎。项目包括为波士顿一家主要的金融机构开发交易模型和为中国首家联合征信公司提供商业和产品战略咨询。另外，韦思岸在硅谷创建了数家高科技公司。最近，他出任了一家从事金融市场数据分析公司的首席科学家。该公司由德意志银行、D.E.Shaw和其他金融机构共同投资。在他的带领下，该公司在行为金融的基础上，运用先进的统计技术，开发出一系列的信息产品。同时，他还是数家新型高科技企业和创业投资机构的资深顾问，拥有良好口碑。

无论在学术界或投资金融业界，韦思岸的科研的应用价值已经得到了广泛的认同和肯定。他曾获得IBM公司的"合伙人奖"和美国国家科学基金的"职业奖"等世界级奖项。在国际会议上，他是深受欢迎的讲演者。最近，他在纽约主持了经纪和银行业的行为数据分析论坛，并组织了第六届计算金融的国际会议。

Dr. Andreas S. Weigend has a unique career as a scientist, entrepreneur, and strategist in the areas of analytics and finance. He is an international authority on data mining and time series prediction. He has held several full-time professorships, most recently at New York University's Stern School of Business. He has published more than one hundred scientific papers and co-authored six books. He has also received numerous prizes including an IBM Partnership Award and a National Science Foundation Career Award. Dr. Weigend is a sought-after speaker at international conferences. He recently chaired the Forum on Behavioral Analytics in Brokerage and Banking, and organized the Sixth International Conference on Computational Finance, both in New York.

Dr. Weigend is a partner at Weigend Associates LLC, a high-end consultancy dedicated to developing technology-enabled information products. The firm generates intellectual capital, identifies and transfers academic research to business, and creates strategies for data-intensive organizations. Projects include trading models currently used by a major financial firm in Boston, as well as business and product strategies for China's first credit bureau. Clients include Acxiom, Goldman Sachs, J.P. Morgan, Morgan Stanley, Nikko Securities, Union Bank of Switzerland, and Yahoo.

Dr. Weigend has started several Silicon Valley high-tech companies. Most recently, he was Chief Scientist at a market data analysis firm backed by D.E. Shaw, Deutsche Bank, and others. Under his leadership, the company created information products based on behavioral finance, using state-of-the-art statistical techniques. In addition, he serves as advisor to several start-ups and venture capital firms. Dr. Weigend received his Ph.D. from Stanford University in physics. He was a post-doctoral research fellow at Xerox PARC (Palo Alto Research Center) and the Santa Fe Institute. He studied at Trinity College, Cambridge (U.K.), Bonn University, and Karlsruhe University (Germany).
